

MEMBER BUDDY PROGRAM

A UNIQUE WAY TO FOSTER COMMUNITY

Making Connections

Our Buddy Program is a warm and welcoming initiative that connects new members with experienced ones, creating instant friendships and a built-in support system from day one.

How It Works

New members are thoughtfully paired with a buddy based on availability, skill level, age, and shared interests. Together, they're encouraged to connect, play, and enjoy the club experience.

The Impact

By fostering meaningful connections, the program accelerates new members' integration into club life, enhancing retention and deepening engagement for both new and seasoned members.

Why It Works

The power of personal connection makes participation enjoyable, effortless, and rewarding—ensuring that every new member feels at home from the start.
